

## Technical data sheet

Description: Draw-off tap, similar to DIN 3509, with threaded hose coupling, turning-knob top part  
Ref. No.: 00 1730 DN00 001 brass – raw  
00 1730 DN20 001 mat chromium-plated  
00 1730 DN40 001 brass – polished  
00 1730 DN50 001 polished chromium-plated

### Technical data

Medium: Water  
Temperature: max. 90°C  
Operating pressure: max. 10 bar (PN 10)  
Materials: Housing: GK-CuZn37Pb according to DIN 1709  
Top part: CuZn39Pb3 according to DIN 17660  
Conical seal: EPDM (KTW-approval)  
Top part seal: EPDM (KTW-approval)

### Dimensions

<i>DN</i>	<i>15</i>	<i>20</i>	<i>25</i>
dim.	1/2"	3/4"	1"
L	107	111	150
H	64	68	100

### Spare parts

Top part: 00 1822 DN20 001 mat chrome-plated  
00 1822 DN50 001 polished chrome-plated  
Hose connection: 00 1841 DN50 001 chrome-plated  
00 1848 DN00 001 PA (polyamide) – grey

**Stand: January 2010**  
**Subject to technical change**
